APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 23345, Certificate 6368 is issued subject to the terms and conditions imposed in said Permit 23345, Certificate 6368 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The total combined amount of water granted under this permit and Permit 30081 is limited to what the well covered under the two permits is capable of producing. If certificates of appropriation are issued under this permit and Permit 30081, the total combined amount of appropriation granted in said certificates shall not exceed what the well covered under the two permits is capable of producing.

The total annual duty under this permit shall not exceed 1280.0 acre feet.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.4 cubic feet per second but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before.....September 26, 1976.....

Proof of commencement of work shall be filed before.....October 26, 1976.....

Work must be prosecuted with reasonable diligence and be completed on or before.....September 26, 1976.....

Proof of completion of work shall be filed before.....October 26, 1976.....

Application of water to beneficial use shall be made on or before.....September 26, 1979.....
